<input type="checkbox"/> New <input checked="" type="checkbox"/> Reviewed (no changes) <input type="checkbox"/> Revised Replaces: 5/11/12	

I. Purpose: Due to fiscal restraints brought about by budget cuts to the Nursing Department admission of international students are temporarily suspended. Often, international students that have been accepted for fulfillment of board required hours in a given content area, have limited knowledge of nursing process and protocols for our district clinical facilities. Faculty must often provide validation of skills, and training above and beyond that of progressing nursing students. This increases the use of scarce resources, including faculty who must currently provide individual learning and remediation.

II. Application: International students who apply will be given written notice that suspension of acceptance has been approved and may be reconsidered in 2016. The website for application of international students will be suspended until further consideration by full faculty.

III. Policy: Full faculty approved suspension of international students effective 7/1/14 through Spring 2017 (June 30, 2017).
